The image shows the interior of a modern Cinemark Theater. The seating area is filled with rows of black seats, viewed from the back of the theater. The walls are decorated with large, rectangular panels in shades of orange and red. Several black speakers are mounted on the walls. The ceiling is dark with numerous long, thin, white light fixtures. A large white screen is visible at the front of the theater.

Cinemark Theater

Frequently Asked Questions

- **When do I need to submit my A/V selections for my event?**
 - All digital materials including, but not limited to, images for TV Screens, PowerPoint presentations, and Digital Cinema Packages (DCP's) must be submitted to the Museum's Facility Rentals Team at least ten (10) days prior to your event.
- **How many digital signage assets does the Museum have?**
 - Lobby: Four 42" screens, one 55" screen, one 97" screen, and standard marquee kiosk
 - Classrooms: One 55" screen at the entrance of each of our two classrooms
- **What are the specs for the Museum's digital signage?**
 - All screens: 1920 x 1080 (horizontal alignment) at 100 dpi, as PNG
 - Marquee kiosk: 720 x 1080 (vertical alignment) at 100 dpi, as PNG
- **What formatting does the Museum recommend for slide-decks?**
 - Wide-screen (16:9) slide-decks, presentations, and videos are recommended for optimal viewing on the Cinemark Theater's 23' projection screen
 - The Classrooms' 11' projection screens can accommodate standard (4:3) or widescreen (16:9) slide decks and presentations
- **What if I need something for my event that is not listed in this brochure?**
 - The Museum is happy to reach out to one of our preferred vendors to help meet any additional audiovisual needs you may have.

We look forward to your event!
